Fight Farm Enemies

The army worm has been found in many fields in this county. This worm works on the lower leaves in the day time and eats on the grain at night, which makes it hard to locate.

Grasshopper poison bran will be used in destroying this worm and from 8 to 10 pounds should be used per acre.

The mixing Station in Anson will be opened Monday morning. Farmers are asked to bring 1 or more sacks to get the poison. The farmer is to furnish half the bran and all the molasses, if he uses molasses in the formula.

A New Editor For The Aspermont Star

Following the tragic death of Mrs. Garner, wife of the Editor of the Aspermont Star, Mr. Garner has relinquished the Star to L. B. Moore and wife who are starting off nicely, and considering everything, they are making a good looking paper. Neighbors, stay right in there. Aspermont needs a good newspaper.

Piano Recitals

Miss Edwina Gilbert will present her pupils from the Elementary building in a varied piano recital on Tuesday, May 27, at the High school auditorium at 8:15 o'clock.

On Friday evening, May 30, Miss Gilbert will present her high school and advanced pupils in recital at the High school auditorium at 8:15. Included in the program will be the ensemble numbers played by a group of Miss Gilbert's pupils in the 18 piano concert at Stephenville recently. The public is cordially invited to both of these programs.

Attention—Cemetery

There will be a call meeting of the Hamlin Cemetery Association in the Coffee Shop of the Harden Hotel Sunday afternoon, May 25, at 3:30 P. M.

Mrs. D. D. Harden, President

John V. Howard, Jr., a soldier boy in Fort Warren, Wyoming, came home Thursday afternoon to spend a few days with his parents, Mr. and Mrs. John V. Howard. They met him in Lubbock Thursday morning.

Mrs. E. D. Pope and family of Corpus Christi, visited friends here the past week.

Miss Maggie Bush Died Last Thursday

Miss Maggie Bush, who lived in Jones County since 1900, died at her home four miles east of Hamlin. Miss Bush was 62 years, 11 months and 3 days of age. She was born June 12, 1878. She is survived by seven brothers, Will Bush, Cross Plains; Ed Bush, Cotton Wood; Sam Bush of Hamlin; Henry Bush, Paducah; Jerry Bush, Post; Jesse Bush of Carlsbad, N. M.; and Owen Bush of Dallas. And there are three sisters living: Mrs. W. A. Gardner of Eden, Texas; Mrs. R. Y. Potter of Paducah; and Mrs. Oscar Potter of Anson. She made her home with Sam Bush.

Miss Bush was a member of the Abbie Baptist church, and she had been in splendid health till about ten days before her death.

Funeral services were held at the Abbie Church Friday afternoon, conducted by Rev. H. E. East, pastor of the Hamlin Baptist church.

Interment was in the Fairview Cemetery, just south of Tuxedo, with the Hamlin Barrow Funeral Directors in charge.

METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School, 9:45 A. M. Morning Worship, 10:50.

Intermediates and Senior Young People meet at 7:15 P. M.

Evening service dismissed for baccalaureate services at the High School auditorium.

Woman's Society of Christian Service, Monday afternoon at 3:00 o'clock.

Mid-week service, Wednesday evening at 7:45.

Choir practice, Wednesday night at 8:30.

The Pastor's sermon subject Sunday morning is to be: "Self Examination." Special music will be rendered and the great hymns of the church sung.

The Psalmist said: "I was glad when they said unto me, let us go into the house of the Lord." Is it a joy to you to attend the services of the Lord? Do you go to church because you love to, or because you have to, or through a sense of duty?

It should be a high privilege to go to church. Many in the world today are not blessed with this opportunity you and I have. Why not count yourself fortunate to attend church, and be in your place of worship next Sunday?

We welcome visitors.

Faith is the step-ladder of reason.

Stamford—Arledge Air Field Dedicated

Stamford, Jones County, Texas, had a new kind of state-wide attraction last Saturday, Saturday night and Sunday when the Cadet Air School and Stamford-Arledge Airfield was formally dedicated.

Thousands of people in this part of Texas and several hundred guests from other sections of Texas, especially private flyers, and officers from the Air Army, came for the formal opening.

The first part of the recognition was a big barbecue for the fifty student-flyers at the Bunk House near the famous Cowboy Reunion grounds, on Saturday at noon.

At 7:00 P. M., a "civilian" barbecue was also held for visiting airmen and airwomen, and visiting Air Officers and special guests. At this Saturday night affair a few Hamlin folks were present and enjoyed the hospitality. The barbecue was followed by an old-fashioned dance at the Rodeo-club building, known as Coombes Hall. The number at this affair was only nominal and the chief attraction was the square dance put on by the Stamford-Cowboy Rodeo national prize-winning cowboys and cowgirls. They have the "square-dance figures" down to perfection, and without a hitch, they continue through every figure with ease and gracefulness. They do their number in assorted technicolored silken costumes and enhancing lighting effects on the windup whirl.

ROADS JAMMED WITH CARS

The Stamford-Arledge Field is about five miles east of town. It is in an expanse of fine level clear farming lands. So new is the field, that it would appear that since oat-sowing time planes began to land and roll down the rank verdant ocean of green. This field is reached by either of two roads leading north from the highway. These roads were a mass of jammed traffic Sunday afternoon, early till late. Two rows, inching up by turns, and finally not getting to within a half mile of the field proper. Perhaps this was the greatest jam of automobiles ever to congregate in Jones County. Nobody knows just how many cars or how many people were at the "School Grounds" or near by.

Anyway, the intermittent showers held back some and the down-pour of old-fashioned rain caused folks to try to get away. Some did, some did not, not so fast. Some stuck and some took two hours to get out to the highway. It was no place for anything on the ground, after the rain got a good start.

Before the rain stopped the afternoon show, many of the visitors had shown their stuff and departed. The visiting airmen from San Antonio showed what army planes could do in formation and speed, and then vanished like flash towards the Alamo city. One of the regular army fliers, a Major Smith, has a record of 24 years of training men to fly. He says that with 90 days more of army and air training this nation will begin to be able to cope with an enemy. He says that men must be trained mentally for combat as well as physically.

The Air-School plant is far larger than most Jones County folks would think. Another large hanger is under construction. The teaching facilities are larger than required by the number of young men yet sent to this field. They have administration offices, mess hall, recreation building, hospital, supplies, and a two-story dormitory buildings now in operation.

An all-weather loop road is being built to the field.

All that the public saw Saturday and Sunday has sprung up like magic in less than a year. One year ago nobody would have even dreamed that months only would lapse before our state militia would be in arms, and our college and university boys training for air combat. It takes only a peep in the small air school near Stamford to realize that what we are doing is nation-wide.

Standing as hosts for the thousands who visited the field, Sunday were alert, trim, young men, the cream of the crop, from nearly every state in the union. One fine young fellow, host in one of the sleeping rooms, was a native of Honolulu, a Mr. Young, who had been in the States four years and is now a graduate of the University of Michigan. Some day that chap will be flying big planes to his na-

NAZARENE CHURCH

Sunday School, 9:45 A. M. Morning worship, 11:00 A. M. N. Y. P. S., 7:15 P. M. Evening sermon, 8:00 P. M. Prayer meeting Wednesday 8:00 P. M.

We are indeed grateful to our people for their loyalty and faithfulness, for in spite of the bad weather, our attendance has been good in most every service.

We will have no service at the church Sunday night. But will cooperate with the school program and attend the baccalaureate service.

Let's all go to church Sunday and make Hamlin a better Hamlin.

Dan D. Jones, Pastor

BAPTIST CHURCH

We appreciated having fair weather for the service last Sunday morning. With 319 in Sunday school and with two additions to the church, we felt encouraged. Our expectations are high for next Sunday, providing the weather will clear up.

Next Sunday morning the pastor will speak on Sabbath Observance. How should Christians spend Sundays? What is the purpose of the Sabbath? Such questions as these will be answered. One has said, "Where there is no Christian Sabbath, there is no Christian morality, and without this free institutions cannot be sustained." Another has said, "There is no hope of destroying the Christian religion as long as the Christian Sabbath is acknowledged and kept by men as a sacred law." If these statements are true, the subject Sunday morning will be one of the most important subjects discussed in some time.

We will not have our evening worship service. We will dismiss for the baccalaureate sermon at the High school. However, we will have our Training Union at 7:00 P. M. Be sure and come.

H. E. East, Pastor

CHURCH OF CHRIST

The man who wins is the man who works. God intended that man should work. When he put Adam in the "Garden of Eden," he told him that he was to "dress and keep it."

In 2 Thes. 3:10, the Bible says, "This we commanded you, that if any would not work, neither should he eat."

"The man who wins is an average man, Not built on any particular plan. He's one who never depends on luck Just steady and earnest and full of pluck.

So he works and waits, 'till one fine day There's a better job with bigger pay. And the men who shirked whenever they could Are bossed by the man whose work made good."

Minister, Luther G. Savage

tive Hawaii and perhaps farther.

Most of the men seem to be happy in Texas. One said he gets lost everytime he gets up in the air . . . "You see," he says, "every direction looks the same." Maybe that is why the school has to have those bright colors on the planes, to show the boys who are not accustomed to a one-type country where to stop. Later these boys will be shifted to spots over the world where advanced flying will be taught, and later pushed on to where they can be ready for enemy reception.

If you visit this school some Sunday, remember these young fellows are yet boys, and far from home, and they like friendliness. They like to talk—they are in the primary grade—they will make great flyers.

Mr. and Mrs. Stanley Carmichael were called to Albuquerque, New Mexico, last Friday to attend the funeral of their neice, little Donna Alford, daughter of Mr. and Mrs. Sam Alford. They were joined here by James Owen from Camp Bowie, a brother of Mrs. Carmichael and Mrs. Alford, who accompanied them to Albuquerque.

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

GERMANY MAKES

"NO BONES"

—There is no use in thinking Germany tells everything, but there is one thing certain . . . she makes no bones about telling which way and where she is going.

—There are a lot of other things she seems glad to tell.

—In the weekly "German Facts In Review," published by the German Library of Information, from 17 Battery Place, New York, they take gleeful pains to tell about things that have passed, and hint at what the world may expect. So far their statements have tallied out true.

Proof of that is that nowhere yet have they been checked. For example they tell in "Facts" that against Yugoslavia they captured 6,198 officers and 313,864 men, not counting soldiers of German origin.

Greeks 8,000 officers captured and 210,000 men. Englishmen, New Zealanders and Australians, 9,000 officers and men.

In that same campaign Germany says she lost 57 officers and 1,042 non-com. officers and men with 181 officers and 3,571 men wounded, and 13 officers and 372 men missing. They claim to have captured 500,000 rifles and more than 1000 guns.

—These facts may be under-drawn or over-drawn. Facts are the world knows that the Germans took all they went after, and are now hammering at all the eastern Mediterranean, Asia Minor, and northern Africa.

—Yet, many people still say, America has nothing to fear.

—T & T—

CLOSER HOME

—Yep, Hamlin's main street is getting some attention this week from the Highway Department. They have been busy several days, chinking up those pesky holes and cracks, that make driving so unpleasant. It has been no small job, and yet there is plenty to be done.

—Hamlin's main street is a part of

a great highway across Texas and it will facilitate traffic if kept smooth and clear of obstructions.

—T & T—

CLEAN-UP WILL

BE URGED ON

Citizens who value clean streets, clean water drains, well kept lawns and yards, clean alleys, and a touch of color by flowers, will keep on till they get what they control in decent shape. That's a bet.

In one case it has been called to our attention that dirt shoveled from the curb-side has been dumped over in the weeds to be blown or washed back onto the street or to litter up and keep a weedy situation going. Wherever that has been done, it should be noticed and condemned by all citizens. If men are paid to lift dirt off the street, it should not be placed where it will dirty it up again.

But Mr., or better say Mrs., don't tell the editor, tell it to those who hire men and who spend your money.

—T & T—

UNFORTUNATE PERSONAL

CALAMITY

Occasionally one comes into conversation with a fellowman who by his remarks and general trend of words, leads one to believe that he has lost confidence in humanity, lost confidence in Christianity, lost confidence in the Federal government, in State government, lost confidence in local government, and even in what should be deemed close associates.

Such a state of mind is truly a "personal calamity".

Life on this earth is made happy or miserable depending upon "confidence". The most enjoyable person to talk with is that one who "believes in" somebody; who believes that the best is yet to be developed in his fellowman; who recognizes that he alone has the wheel of his own ship of life, and that it is his to steer the course of happiness and success, or take the way of darkness and treachery.

Wise counsel may help others to regain confidence in those principles that make human happiness.

No one should take the position that because everything is wrong, or if something is wrong. Maybe it is just a form of human weakness, and the best way to aright that thing or all things is to think of "what's wrong and why, what is the remedy". But to stomp your toe and fall down and just lie there is silly. Humanity today is as good or better than it ever was. Maybe it is

YOU. Buck up, and breathe a prayer of gratitude to Almighty for the smallest things you have in life. Maybe your unworthiness is why you have such little confidence? Maybe.

Really confidence is FAITH and if you lose faith, you have lost ALL. Faith or confidence is the backbone of all human progress.

MAN is the only creature known to have Faith, and to lose any degree of confidence is to start downward toward the animal realm.

An Advance Notice
of Spur Round-Up

The citizenship of Dickens County are becoming affected with rodeo fever and hundreds of them are doing horse back riding every day, getting in condition. The Spur Round-Up Association will hold their show Friday and Saturday, June 20-21. The 1941 performance will be the third event and the program has grown every year.

There will be two performances daily for two days—four shows in all. The first show each day will start about two o'clock each afternoon with a complete program rodeo style. Each evening another show will start about eight o'clock which will require fully three hours to complete the program.

R. L. Westerman, local cattleman and rodeo fan, is president of the organization. Mr. Westerman is being assisted by such men as O. M. McGinty, who is vice-president of the association and a ranchman; O. C. Arthur, local business man, who

Former Hamlin Boy Killed In Abilene

The many friends of the Riddle family in Hamlin and community were shocked Tuesday by the report that William A. Riddle (Dub) was fatally injured by a high voltage electric current in Abilene while on duty.

He was on the top of a 50 foot pole when he came in contact with a 4,000 volt wire. He was in the services of the West Texas Utilities Company, and had been an electrician since 18 years of age.

Up to this accident the Utilities Company had not had a serious accident in 12 years. Only the day before Riddle was killed he was presented with a beautiful bill fold as a present for his safety record.

Mr. Riddle was reared in the Abbie community, and had lived in this county since about the age of two years. His family was one of the prominent in this part of the county.

He was married Nov. 15, 1935, to Mary Elizabeth Longacre, who survives. Other relatives include four sisters, Mrs. W. R. Downey, Clifton, Mrs. C. C. Renfro, Hamlin, Mrs. H. B. Williams, Tuscola, and Mrs. Ross V. Fomby, Hamlin; four brothers, Frank of Lubbock, John of Borger, Arthur of Lamesa, and G. R. of Hamlin.

Funeral was held at 3 o'clock Wednesday afternoon at the Highland street church of Christ, in Abilene, with Minister Homer Hailley officiating. The body was taken to Stamford for burial.

Pallbearers were R. L. Gripple, Roy B. Conner, W. R. Crow, H. H. King, R. H. Hastings, George Harris, all members of the Utilities company line department, and Bynum Britton.

How Many Millions Spent For Defense In Texas to Date

Austin, May 15—National Defense expenditures of \$27,994,262 during the last two weeks in April have brought the Texas total to \$337,815,835, it was announced on Thursday by B. Frank White, Acting State Director for the Office of Government Reports.

The bulk of this increase resulted from awards, made under the U. S. Maritime Commission's emergency ship program, to the Houston Shipbuilding Corporation and the Pennsylvania Shipyards of Beaumont. The Houston contract totaled \$21,909,375, and covered construction of 12 cargo carriers and 3 ways. The Beaumont contract, for 3 ways, totaled \$2,109,375.

In addition, it was revealed that certificates of necessity for plant expansion totaling \$491,000 were issued to Texas firms during the period March 16-April 15.

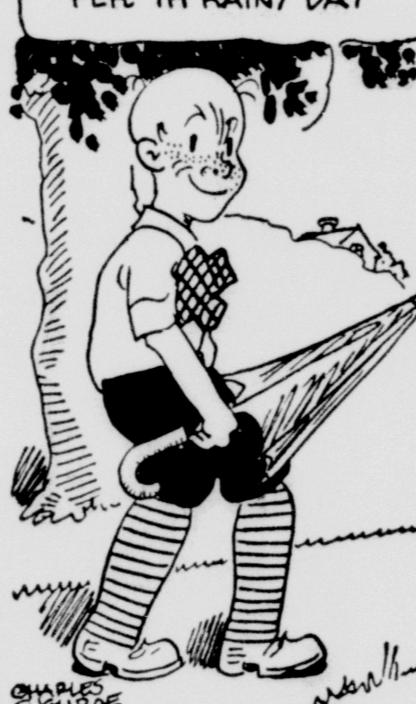

A breakdown of all Texas contracts since July 1, 1940 shows: Army contracts, \$84,852,089; Navy contracts, \$130,010,907; U. S. Maritime Commission (Emergency Ship Program) \$66,198,750; Farm Security Administration, (Agr.) (Defense Housing), \$108,693; WPA Defense Projects, (F.W.A.), \$14,043,346; Defense Housing, F.W.A. and C. H. A., \$712,500; USHA Defense Housing Projects (F.W.A.), \$2,022,149; Public Buildings Administration, Defense Housing, (F.W.A.), \$3,011,500; Office of Education Defense Training, (F.S.A.), \$2,473,520; NYA (Defense Training Funds for 1941), \$2,792,474; Defense Plant Corporation, (F.L.A.), \$15,707,407; Reconstruction Finance Corporation, (F.L.A.), \$15,882,500.

Mrs. Park Wheat of Dallas is spending a two weeks' visit with her mother, Mrs. J. J. Wilemon and Mrs. John R. Brown and other sisters at Neinda and community.

Tire Opportunity In Current Sale

Anticipating the year's first new peak in tire buying, scheduling of the annual Spring sale has just been announced by Bill Thomas, local Goodyear dealer, who points out that the opportunity is timed to coincide with the beginning of what may be the country's biggest driving period in any year.

Present plan for sales' dates covers the period from May 21 to 31 during the 10 days of which dealers nationally will feature the first-line G-3 All-Weather tread tire offered on a special trade-in deal, as well as the All-American in five popular sizes, attractively priced for the sale.

Backed by a written guarantee, these tires built with improved Supertwist cord have increased body strength, the G-3 in actual tests having averaged 20 per cent longer tread wear than other first line tires tested.

With rubber prices steady for the time being at least, despite a crucial international situation, now would be a logical time for those who need tires during the summer to make replacements on their cars, in the opinion of Mr. Thomas, especially since prices are lowered in a period when buying should be increasing, because of a seasonal demand for new tires to provide safer motor car operation on crowded highways.

GOOD SUBJECT

Little Mary—Mother, they are going to teach us domestic silence at school now.

Mother—Don't you mean domestic science?

Father—There is a bare hope our little girl means what she is saying.

—Boston Evening Transcript

THE RESULT

The teacher had asked her class to write a short composition on the subject "Water."

One scholar seemed to be having difficulty, but finally he turned in his paper, and here is what he wrote

"Water is a light-colored wet liquid which turns dark when you wash it in!"—Montreal Star.

True humanity is not an abject, groveling, self-despising spirit; it is but a right estimate of ourselves as God sees us.—Tryon Edwards.

U. S. Army's Strangest Recruit Gets 'Mustered Out' In Hurry

ARMY life is seldom a bed of roses for the newly enlisted, but W. T. Hazlett, of Atchison, Kansas, had a surprise that would shock even a more experienced campaigner.

Out on maneuvers with a cavalry regiment, and encamped near Grand River, Kansas, Private Hazlett had attended to his horse and was ready to turn in for the night when he remembered that his canteen had not been filled for the next day's journey. Pulling a flashlight from his saddlebag, he started for the nearby spring.

As he picked his way among the troopers lying on the ground under their blankets, he was hailed by one who was about to straighten out his bed and needed some light. Hazlett obligingly turned his flashlight on the blankets.

There, in the comfortable warmth, was coiled a full-grown copperhead snake. Without a light, the cavalry

man soon would have been bedded down with one of the deadliest reptiles in North America.

"It was luck all through that saved him," Hazlett said. "My needing water, taking a flashlight with me, passing near this particular man on the way to the spring—all were pure chance. I'll take credit, though, for having the light in my saddlebag and also for having made sure its batteries were fresh and in good condition. That's one thing I always insist upon. And now I'm not the only one in the troop who feels that way."

General orders direct the men to remain calm in emergencies and avoid creating any excitement. True to Army training, the two privates simply killed the snake and reported the incident to an officer. The discovery of a reptilian fifth column in their blankets was apparently just one of the possible trials that go to make a hardened soldier.

Gift Tea Honoring

Mrs. Jamse Owen Beck

The home of Mrs. W. A. Albritton on Central Avenue was the setting for a gift tea given by seven life-long friends of a recent bride, Mrs. James Owen Beck.

The home was beautifully decorated with a profusion of spring flowers, carrying out the color scheme of pink and white.

The guests were greeted by Miss Geneva Albritton and presented to Mrs. Dick Carruthers who in turn presented them to the bride's mother, Mrs. Q Martin, and the bride, Mrs. James Beck.

Miss Elmo Joy Wilson led them to a beautifully appointed tea table laid in pink and white. The centerpiece was a three tiered wedding cake in pink and white on a reflector surrounded by flowers. The long pink tapers burned in crystal candle holders, while on one end was grouped a miniature wedding party. On crystal plates arranged attractively were pink and white sandwiches, mints and bell shaped cakes decorated in pink and white.

Serving at the punch bowl was Mrs. Clyde Wilson, assisted by Mrs. Weldon Johnson, Miss Clydene Wilson and Mrs. Don Dean. The buffet was artistically arranged with pink tapers in crystal holders centered with a bouquet of Madonna lilies, roses and Queen Ann's lace.

Miss Camille Smyers directed the guests to the Bride's Book presided over by Mrs. Wyman Baxter, sister of the bride.

Displaying the many beautiful gifts was Mrs. Harold Bonner and Mrs. Ted Bledsoe.

In her own charming manner, Mrs. Albritton bade the guests adieu.

The out-of-town guests were Mrs. Dick Carruthers of Monroe, Louisiana, Mrs. Wyman Baxter of El Paso, Texas and Miss Pauline Harrell of Sweetwater.

Entire Week-end Wardrobe Made of Cotton.

Cotton carries Miss Molly Stinson of Sherman from daytime to evening as she combines four garments into a week-end wardrobe of play suit, short dress, and dance frock. During Cotton Week everybody at Texas State College for Women turned out in cotton clothes, stressing them for all occasions. Miss Stinson designed and made her outfit in costume design and clothing courses at the college.

John Ferguson, grandmothers of the groom to be, and Mrs. E. T. Magee, of Dallas. Goodbyes were said by Mrs. Q Martin.

The honoree was wearing a dress of white marquisette with fitted bodice and billowy skirt. Her flowers were a garland of white carnations arranged in her hair.

Mrs. Wilson wore an evening dress of floral design in shades of du-bonnet, white and black with a shoulder corsage of gardenias. Mrs. S. C. Ferguson wore blue net over taffeta with a pink carnation corsage.

Mrs. B. S. Ferguson

Entertained with Dinner and Theatre Party

Mrs. B. S. Ferguson, retiring Worthy Matron of the Eastern Star Chapter, entertained the officers of her Chapter with a dinner Thursday evening, May 15, at 7:30 o'clock at the Morgan Hotel, followed by a theatre party at the Ferguson Theatre where the picture, "Great American Broadcast," was shown.

For the occasion, spring flowers were attractively arranged in the spacious dining room with red roses and Queen Anne's Lace forming the decorations. Favors were small white leather cases for dues receipts, embossed with the Eastern Star emblem.

Officers present were Mrs. Freda Sparks, the incoming Worthy Matron; Mr. and Mrs. Ira Clements, Mmes. Lyda Hudson, Clara Harvey, Alice Anderson, Girlie Cotton, Paul Bryan, A. A. Hackley, Avis Hopper, Minnie Poe, Mattie Sauls, Margie Ebert, A. H. Abernathy, and Mr. W. L. Cash. Guests were Mrs. C. P. Chastain and Mrs. Willie Bender of San Bernardino, California.

Schubert Club Holds

Closing Luncheon

The Schubert Club closed its year's activity Saturday with a luncheon at the Morgan Hotel. The tables were beautifully decorated with pink roses and Queen Anne's Lace. Tiny Maypoles with pink crepe paper streamers completed the decoration. The streamers extended to the various plates, at each of which stood a tiny kewpie doll bearing the name card of a guest.

A delightful two-course luncheon was served by Mrs. Morgan and her competent dining room personnel.

Following the luncheon, Mrs. Hackley presided at a brief business session. She graciously thanked each member and officer for the loyalty and co-operation extended to her and to the club during the year.

Before officially retiring from the office of president, Mrs. Hackley installed the officers for next year, namely: President, Mrs. Ira Clements; Vice-president, Miss Edwina Gilbert; Secretary, Mrs. Gordon Bennett; Corresponding Secretary, Mrs. Travis Dean; Treasurer, Mrs. H. A. Johnston; Parliamentarian and Critic, Mrs. A. A. Hackley; Choral Director, Mrs. Willard Maberry; Assistant Choral Director, Mrs. Glen Caffey; Accompanist, Mrs. Ted Russell; Assistant Accompanist, Miss Edwina Gilbert; Reporter, Mrs. Fred

Carpenter; Librarian, Mrs. Henry Albritton; Member at Large, Mrs. J. E. Moody; Junior Councilor, Mrs. Glen Caffey; Juvenile Councilor, Mrs. L. H. McBride.

Mrs. Clements, as new president, gave words of greeting and appointed committees for the coming year.

The club members then retired from the dining room and congregated on the steps in front of the hotel where they were met by a photographer, who took pictures of the group.

Those enjoying the delightful occasion were: Mmes. A. A. Hackley, Ira Clements, Travis Dean, Willard Maberry, Joe McCrary, Clinton Barron, Fred Carpenter, J. E. Moody, Gordon Bennett, H. A. Johnston, Bill Rountree, Clyde Smith, C. F. Butcher, Gerald Morgan, Don Gould, Harold Bonner, R. B. Wiar, L. H. McBride, Luther Rector, and Miss Edwina Gilbert.

N. R. Packwood

Celebrates Birthday

May 18—Close friends and relatives of Mr. N. R. Packwood met at his beautiful country home, in the Bethel community, Sunday, May 18, and surprised him with a delicious birthday dinner.

Mr. Packwood is one of the oldest settlers of this community, coming here to make this his home December 24, 1909. Since he is one of the early day pioneers of this community, it has been his pleasure to assist in the community's development. The friends and neighbors of Mr. Packwood appreciate the part he has taken in the advancement of our neighborhood. All this was evident by the numerous gifts that he received Sunday, as well as the good dinner and many well wishes extended him.

Those present were: Mr. and Mrs. A. Branscum and daughters, Rita, Quata, and Neta Mae; Mr. and Mrs. Eli Bruner and children, Verlie Jo, Juanita, Bobby Faye and Richard; Mr. and Mrs. L. C. Rushin and Webb children, Nora and William; Mr. and Mrs. Jack Smith and children, Patsy, Mike, and Jessie Webb; Mr. Thompson; Rev. and Mrs. Pope; Mr. and Mrs. Eugene McInroe and daughter, Ola Jean; Mr. and Mrs. D. W. Richardson and son, Glen; Mr. and Mrs. L. A. Hill and children, Mable, Albert, L. V., and Thee; Mr. and Mrs. Dudley Lewis; Mr. and Mrs. Brewster Graham and daughters, Lillian, and Billie June Caffey; Mr. and Mrs. Clinton Packwood; and Misses Dorothy Nell and LaVerne Jenkins.

POT SHOTS FROM McCARLEY

BY GEO. DARDEN

Rev. C. E. Dick preached the Baccalaureate sermon last Sunday night. A large crowd packed the Baptist church and fifteen High school seniors graduate this year. D. L. Smith, former school Supt., led the singing and Mrs. N. D. Miers was at the piano.

District Judge Owen Thomas will be the principal speaker at the commencement exercises to be held at

the school house Friday night and diplomas will be awarded to the graduating class.

Mrs. G. L. Short, mother of Ben Short is visiting in the Short home for two weeks.

Mrs. H. P. Powers and Mrs. Geo. Darden were shopping in Sweetwater last Tuesday.

The High school seniors will be entertained with a banquet Friday night at the Methodist church spon-

sored by the P.T.A.

Mrs. Raymond Tanner and baby of Dumas, Texas, are visiting this week in the home of her parents, Mr. and Mrs. W. C. Jackson.

Mrs. C. P. Yates' expression pupils and Mrs. N. D. Miers' music pupils gave their final recital at the school house last Friday night.

Mr. and Mrs. J. W. Rush entertained the High school seniors last Friday night in the home of Mr. and Mrs. Henry Cook.

For the past two weeks we have been in the Piney Woods of East Texas, also Fort Worth and Wichita Falls. A number of people have asked about the work on national defense jobs in Fort Worth and Wichita Falls. To date, there isn't much work going on at either place. We were told that the job at Wichita Falls would start about the fifteenth of June. The bomber plant at Fort Worth is working a few men but seem to be slow about getting started in a big way. You had better get your birth certificate and carry it with you if you expect to get a job on a national defense project, and too, on some jobs such as a plane factory at Grand Prairie, it is impossible to even get an interview without a birth certificate. We were told in Fort Worth that for a man to get a ditch digging job or any other kind of common labor at the bomber plant, that he must pay the union ten dollars before he could even start to work, and common laborers only make about sixteen dollars per week. We say it is a disgrace, and the union officials are getting fat, and the men who put out the labor keep their noses to the grindstone in order to fatten a few grafters who head the unions.

Mrs. Levi McCollum entertained the 7th grade class with a luncheon in her home Monday, May 19th. Fourteen pupils were present along with Supt. Powers and Mrs. Powers. Mrs. W. C. Jackson and teacher Miss Matthews. Mrs. Jackson gave the invocation. Mr. Levi McCollum gave the welcome and Miss Matthews the response.

Well folks, the Governor has spoken and at last he has announced for the United States Senate. Poor old Hal Collins, I wonder what he will do now, or was it fixed in advance, for Hal to withdraw when Gov. O'Daniel announced and throw his support and mattresses to the Governor. We could almost see the tears streaming down the cheeks of the Governor when he related his achievements as the greatest governor of all time (in his opinion). We are sure it will be hard to have to take his children to Washington on a salary less than he is making as Governor of Texas, but we voters will have one consolation, maybe the profits of Hill Billy flour will help him overcome the great loss he is taking by going to Washington on less salary than the Governor's pay. We wonder who would do the most good in the Senate, Grandpa Houston or Governor O'Daniel? With all due respect to the Governor and Senator Houston we are sincere in our belief that either of the gentlemen would make about as good a Senator as Dr. Brinkley, Sam Morris, or Judge Roy Bean's kinfolks.

We like Gerald Mann, but we like him just where he is and think he should remain Attorney General of Texas. There should be only 2 men for the people of Texas to decide on, and they are Lyndon Johnson and Martin Dies, and though we haven't quite made up our minds, we are inclined to believe if the election were tomorrow, we would have to cast our vote for the man who is fighting every un-American act that is going on within our nation, and the man who advocates America for Americans—and that man is Martin Dies.

Sam Morris' platform is whiskey. Hal Collins' platform is mattresses—the Governor's is prayers and poems—Dr. Brinkley's is more goat glands and so folks, we will just string along with the man who is qualified and who believes in America for Americans.

A DARDEN-O-GRAM

Forrest Ellison, that happy, jolly Hamlin boy who is manager of the big store room in the Sir Frances Drake Hotel in San Francisco, came over last week to visit his mother and other relatives about Hamlin. Forrest says he is listening for his number and is ready to put the food out to the army when Uncle Sam calls.

Carl Andress, a navy boy, son of Mr. and Mrs. Will Andress, stationed in Brooklyn, had a near serious car accident one day last week. Carl has been in the navy over one year. He is an airline radio operator, ranking high in tests.

O. L. Cohorn and wife and Loy Nelson visited their daughter, Mrs. T. C. Gabriel at Brownwood on Thursday of last week.

Mrs. H. H. Simpson of Hico is here to spend several weeks with her son Joe and family. Mrs. Simpson marvels at the fine soft water now so abundant in Hamlin as contrasted with the Gypsum water we had the last time she was in Hamlin.

Mr. and Mrs. Curtis McElhaney of Fort Worth are guests of their sister-in-law, Mrs. Gordon Bennett and family this week.

H. S. Scales has taken Santa Fe train duties in San Angelo, but Hamlin is his home and regardless of which end of the road he is on, the chief division point will always be Hamlin.

Misses Ethel and Clonelle Harris, who are employed with the Southwestern Bell Telephone Company in Dallas, are spending a two weeks' vacation in the home of their parents, Mr. and Mrs. R. L. Harris.

Mrs. H. H. Simpson of Hico is here to spend several weeks with her son Joe and family. Mrs. Simpson marvels at the fine soft water now so abundant in Hamlin as contrasted with the Gypsum water we had the last time she was in Hamlin.

Mrs. D. D. Harden and daughter, Mrs. Turner Bynum of Big Spring, went to El Paso this week to spend a short visit with her son, Harold and family.

Mrs. George Bender left for San Bernardino, Calif., Monday after two weeks in Hamlin with friends. Her son, Newman Bender and wife reside in that city. Newman is a trainman for the Santa Fe.
